Tax & Legal Services – Legal – FinTech – Manager

Description

A career in our Internet Technology, Intellectual Property and Commercial Law practice, within Legal Services, will provide you with the opportunity to help our clients adopt a more strategic approach to global entity governance across their organisations. We help our clients and their legal entities with the incorporation of new companies, on going compliance with local legislation, and restructuring of their global businesses to manage governance and compliance risks.

Our team provides our clients with legal expertise related to Intellectual Property and Information Technology privacy and security in addition to contract review for commercial entities. You'll help our team support legal aspects such as transaction structuring and procurement, contract reviewing, drafting and negotiation, project implementation and exit arrangements.

To really stand out and make us fit for the future in a constantly changing world, each and every one of us at PwC needs to be a purpose-led and values-driven leader at every level. To help us achieve this we have the PwC Professional; our global leadership development framework. It gives us a single set of expectations across our lines, geographies and career paths, and provides transparency on the skills we need as individuals to be successful and progress in our careers, now and in the future.
